THE TREATY.

CONTINUED FROM SEVENTH PAGE. They made frequent allusions to the contingent

DISRUPTION OF COMMERCIAL RELATIONS between the two countries on the values of stocks, bonds, &c., and declared that the future of our great national enterprises, as well as the possibility a further reduction of the public debt by funding our present loans, hinges on the continu-nnee of entire and cordial friendship between two countries. They appealed earnestly to the opposition Senators to forget partisan feeling and re-member that the occasion demanded the exercise of unselfish patriotism. The President, they said, had in the hour of sincere anxiety ap-pealed to the treaty ratifying power of the government for the purpose of securing speedy, and vicarious action, without risking the delay, that might be occasioned by the ordinary progress of diplomatic negotiations. He had not disgu' sed he fact that an emergency existed which der ands the most serious deliberation, and had wi flingly surrendered whatever of personal glory w aght at tach to himself by pursuing the negotiation in the customary manner. He has been prompted to eustomary manner. He has any Aisposition adopt this course not from any Aisposition to the

ple. Messrs. Thurman and Carpe ater followed, the DIRECT AND UNEQUIVOCAL OPPOSITION to the Supplementary Article, Mr. Carpenter's proposition that the government shall assume the payment of the claims of its entirens against Great seems to be the only one that affords a feasible means of escape from the impending dilemma. He elaborated the point at great length, and alluded

lesire which has all along actuated his policy as Executive, to allow the represents gives of the peo-

to the evident feeling of THE PEOPLE AGAINST RATIFICATION as an indication that the government could not ac-cept the terms of the Granville capitulation without disregarding its plain duty. Mr. Edmunds, during the debate, interjected a number of pertinent in-quiries on technical points, indicating that he, as snal, paid great attention to the legal details.

AT FIVE O'CLOCK A RECESS WAS TAKEN what! half-past seven, when the debate was resumed and continued until midnight. Mr. Morrill, of Vermont, was the most prominent speaker at this session. He distinctly stated his regrets that a necessity existed for the extraordidary pro-ceedings in which the Senate was enwaged, and declared himself to be orposed to the atification of the article, but did not say that the amendment of the committee was unacceptable. Mr. Hamlin followed briefly in support of the proposition. The attendance was not very large, and although Senator Osborn and others came in at a ate hour for the purpose of recording their votes, If a vote was called. Senator Cameron did not feel warranted, under the circumstances, in pressing anal action. The truth is that THE NATURAL IMPULSE OF EACH AND EVERY SENA-

to overcome this impulse is fully set forth in a memoria' presented by Senator Vickers to-day from the Baltimore Board of Trade in favor faccepting the Supplementary article, in order to close the negotiations and allow the commercial interests of the two countries to assume a more definitely substantial basis. Many of the Senators themselves, as is well known, are personally INTERESTED IN NORTHERN AND SOUTHERN RAIL-

and other corporations, the contingent success of which is based upon the leniency of foreign capital. e inclination to dodge was so widespread, including even such gentlemen as the two Senators from Ohio, that Mr. Morton advised an adjournany time after eleven o'clock the requird two-thirds

It is plainly to be seen, at this juncture, that the debate has weakened rather than strength ened the prospects of ratification. Notwithstanding his fact, however, it is still believed that the State Department lobby will eventually gain the victory. Another session will be held to-morrow, at which it se quite possible that a vote will be taken, and the

The Long Session of the Senate on the Washington Treaty.

Washington, May 24, 1872.
The Senate spent five hours to-day on the additional article to the Treaty of Washington, and, after a recess, resumed its consideration to-night, with the intention of continuing the session until final disposition should be made of it. The six amendments pending were discussed by their respective movers and other Senators. The precise character of these amendments has not transpired, further than that they all seek to accomplish the design of Tribunal of Arbitrators from present embarrass-

without having come to a conclusion. It will re-sume consideration of the subject to-morrow.

THE QUESTION IN ENGLAND.

Public Canvass of the Probable Action of the United States Senate.

TELEGRAM TO THE NEW YORK HERALD.

LONDON, May 24, 1872. The interest in the action of the United States Benste upon the proposed additional article to the Treaty of Washington is undiminished. The leading editorial articles of all the London morning journals to-day are devoted to the subject, and joy to expressed over the probability that the proposition submitted by Earl Granville will be favorably

THE TARIFF BILL IN CONGRESS. The Changes Made by the Senate Committee-The Whiskey and Tobacco Tax.

WASHINGTON, May 24, 1872. The Senate Finance Committee to-day completed the consideration of the House Tariff bill and reported it to the Senate. It is changed that an agreement between the two houses is absolutely impossi-ble. The whiskey tax has been consolidated so that the special tax paid by rectifiers is inchided in the general tax, and the rate fixed at seventy cents per gallon, thus relieving rectifiers per barrel, and reducing the value of the rectified stamp from twenty-five to ten cents. A uniform rate has been fixed for the tobacco tax at twenty-four cents. The old senate free list has been virtually replaced, and the bill otherwise so badly cut up as to make a confer. ence committee absolutely necessary. It is useless to base any calculations of the final result from the the bill as reported, as it will certainly be so much changed in the conference as to make it almost a

ANDY JOILNSON.

The Ex-President Willing to Re-Enter Congress as Representative of the State

of Tennessee at Large.

NASHVII, LE, May 24, 1872.

The Union and American this miorning says that Andrew Johnson is willing to become a candidate for Congress for the State at large under the law giving Tennessee an additional representative.
The friends of General Cheatham wish him to an-

nounce himself for that position.

The scandal about Mrs. Harrold and Andrew Johnson is pronounced false. Mrs. Harrold was the wife of a warm friend of Mr. Johnson, and an exemplary Christian. The cruel and unfounded report of her seduction drove her to suicide in a moment of temporary insanity.

THE RESCUED "MIDDY."

Superintendent Worden Publicly Thanks the Gallant Boys Who Leaped Overboard

to Save Carter from Drowning.

BALTIMORE, Md., May 24, 1872. At dress parade of the midshipmen at the Naval Academy at Annapolis last evening the following order, referring to the conduct of Midshipmen McLean and Galt, who jumped overboard and saved Midshipman Carter, who fell from aloft the Dale, flity feet, into the water, was read :-

UNITED STATES NAVAL ACADEMY, May 23, 1872.

The accident this morning on board the Dale, which was, under Providence, without fatal result, gave occasion for the display of a noble act of heroism by Cadet Midshipmen McLean and Galt, who, carrying out the finpulse of generous hearts, promptly umped overboard to save a fellow std-Cent, who had fallen overboard, from drowning. From such materials are heroes made and by such acts is life ennobled. A service in whose personnel such an esprit de corps exists may be relied on to uphoid the honor of the country and is in no danger of failing in the hoor of need. The Superintendent takes occasion in this public manner to express his thanks to cadets McLean and Galt, and to mention their example as one worthy of emulation. He will further take pleasure in reporting their conduct to the Secretary of the Navy.

Commandant, Superintendent of Midshipmen. Cadet McLean, referred to in the avove order, is in the first class, and was appointed in June, 1888, from New York, and Naval Apprentice Galt was appointed at large from Virginia the same year and belongs to the same class.

PITTSBURG, Pa., May 24, 1872. A man named G. Tyler, with another notorious counterfeiter of Fort Wayne, was this afternoon discovered by two United States detectives near Wellsville, Ohio, on the river bank. Tyler then made for the river, jumped in and was drowned, leaving on the bank his coat, which contained \$1,100 counterfeit twenties, legal tenders. The other man fied to the fills.
